FEED BACK FOR THE DENTAL CAMP ORGANIZED BY R.V DENTAL COLLEGE, BANGALORE.

At first we want to thank you for your great service for our pupil in GHSS Shencottai on 10.08.2015 through school oral health program conducted by you .In our school most of the students had affected by Dental cavity and they did not have any awareness to keep their teeth clean. But in this program all the students got a good chance to check their tooth freely. By the rural side they never get any chance like that. But now through the R.V Dental College dental camp, they gave the pupil a good dental check up. The service of the Doctors was really appreciable because they did their service with whole hearted devotion. Really our students were gifted for that opportunity.

FEED BACK.

On 11th August 2015, A team of Doctors from D A pandu Memorial RV Dental College, Bangalore has conducted a free dental care medical camp of " School Oral Health Programme" at V.O.E. Govt. Hr. Sec. School, Dhapidaram in Thoothukudi District. It's our great pleasure to thank Mr. Ananda Raj, who is the chief Doctor of the Dental Medical college. Under his leadership and Guidance, a team has been formed. The team has given a free dental treatment and awareness about dental problems to our students, who are living in the remote villages.

It's a great thing that our students have *got* this free

opportunity to get relief from the dental problems and also have known about the precautions.

Many of our students have come from rural villages. So there is less possibility to spend money to get treatment for their dental problems.

The medical team has contributed a valuable service to our students. We consider it a privilege to congratulate the medical team and their institution. It is an unforgettable event for us. We pray to God to give reputation to that Institution.
