White Coat Ceremony- 2016
26th and 27th September 2016

Report on the White Coat Ceremony Program

The White Coat Ceremony and formal training of third year undergraduates in Patient safety and communication skills was conducted for the first time ever in the history of D A Pandu Memorial R V Dental College & Hospital on 26th and 27th September 2016. Presented below is the feedback from the student participants.

Background:

The third year Undergraduate students who have made a transition from pre-clinical dentistry to clinical dentistry, were trained in aspects related to patient safety and management. Three eminent resource persons conducted workshop and hands on training session for 56 students.

1. **Prof Raghotham Rao**, from Jain University, visiting faculty RVIM- spoke on patient –dentist communication skills
2. **Dr. Pushpanjali K-** Academic Registrar, Ramaiah University of Applied Sciences – trained the students in Infection control practices.
3. **Dr. D K Srinivias**, Educationist, Former Consultant, Curriculum Cell, RGUHS – trained the students in Ethics and Professionalism.
4. **White Coat Ceremony** – The third year students were formally inducted into the clinical dentistry program by handing over the “White Coat” and administering the Hippocratic Oath.

Program Feedback:

All the student participants identified and quantified their learning because of the workshops conducted. The learning and the factors which influenced the learning are presented in annexure 1, 2 and 3.

On the whole, the students appreciated the interactive nature of the three workshops. They identified that active participation was enhanced by the group activities which were designed to provide a hands on exposure. The students have stated that they now

understood the importance of communication skills in patient management. They have decided to ensure appropriate infection control and patient safety practices while handling the patients. They have also pledged to be ethical and professional dental health care providers. The students have requested for the "Patient safety and communication program" to be included into the annual academic calendar for the benefit of all the UG and PG students in the institution.

Sub: Report of the Patient safety and Communications skills workshop and White Coat Ceremony 2017

Respected Sir,

At the outset we would like to thank you for enthusiastically supporting the Patient safety and Communications skills workshop and White Coat Ceremony for the second year in a row. The workshop was well received by the participants as evidenced by the qualitative and quantitative data analysis of their feedback.

The workshop covered aspects related to ethics & Professionalism (Resource person: Dr. D K Srinivas), Infection control Practices (Resource Person : Dr. Pushpanjali K) and Patient Dentist Communication Skills (Resource Person : Mr. Raghotham Rao) on the 22nd and 23rd of August 2017. 60 undergraduate third year students benefitted from the two day program. All the students have appreciated the value addition it brought to their learning and has encouraged them to excel in their endeavour to become humane, compassionate and professional dentists.

We have done a statistical analysis of the students learning as also the factors which influenced their learning. Please find attached the data analysis report of all the three workshops.

We once again thank you and the management for supporting the initiative and hope that this program becomes an integral part of the value added curricular initiatives for all the students at UG and PG level.

Thanking You

Yours Sincerely

Dr. Asha Iyengar

Sub: Report of the 2 day Patient safety and communication skills workshop and white coat ceremony

Respected Madam

At the outset, the organizing committee would like to thank you for the permission and support extended to conduct the patient safety and communication skills workshop and white coat ceremony for the third year undergraduate students. A total of 45 students benefited from the program.

The students have identified the various aspects which facilitated their learning process and have requested for more such training programs which focus on soft skill development and patient management. Please find attached the detailed report from each session.

We are looking forward to your feedback and continued support in conducting similar programs benefitting the students and faculty alike in the times ahead.

Thanking you once again,

Dr. Harikiran AG
