## The Annual Quality Assurance Report (AQAR) of the IQAC

July 1, 2014 to June 30, 2015

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

#### Research Projects carried out and completed:-

##### THESIS/ RESEARCH COMPLETED

1. Comparative evaluation of apical seal & marginal adaptation of four root end filling materials- An invitro study.
2. Detection & evaluation of dentinal microcracks formed during root canal preparations by hand & rotary instruments- An invitro study.
3. Efficiency of different irrigating solutions against selective species biofilms- An invitro study.
4. An invitro evaluation of microleakage & flexural strength of a new nanohybrid Flowable resin & glass ionomers

##### ONGOING RESEARCH / THESIS

1. Evaluation of the effect of cetrimide with EDTA on micro hardness & surface changes in root dentin- An invitro study.
2. Effect of in-office bleaching agents on the surface roughness of different composite resins- An invitro study.
3. Comparative evaluation of the debridement efficiency of four root canal irrigants using hand irrigation & passive ultrasonic irrigation- An invitro study.

4. Comparative evaluation of compressive & diametral tensile strength of new zirconia reinforced & three conventional restoratives.
5. Comparative evaluation of sealing ability & marginal adaptation of three restorative materials for the repair of furcal perforation- An invitro study.
6. An in vitro comparative evaluation of fracture resistance of endodontically treated teeth restored with two different post systems cemented with two resin cements
7. An in vitro evaluation of the adaptation and penetration of four different root canal sealers: a SEM study.
8. Comparative evaluation of shear bond strength using IV, V,VII,VIII generation bonding agents : An i.a vitro study
9. Evaluation of fracture strength of roots instrumented with three different rotary systems- an invitro study
10. Comparison of pre and post-instrumentation configuration of curved root canals with different NiTi systems by cone beam computed tomography

### BUDGETERY NOTE

Sub: Approval Budget Estimates for the year 2014-15 in respect of

DAPM R.V. Dental College

With reference to the above, the budget estimates of the institution cited above for the financial year 2014-15 is hereby approved by the Trust with the following observations. The copy of the approved budget is sent herewith for office record purpose.

1. No expenditure should be incurred without adequate budget provision. Cases not covered by the budget provision should be referred to Trust before incurring expenditure. The expenditure should not exceed the budget allotment under any head of account. Prior approval of Trust should be obtained in cases exceeding the budget.
2. There should not be diversion of budget allotment from one head to another to meet any deficiency without prior approval of the Trust. Budget control Register should be maintained for all heads of account reflected in the budget and made available to the Trust as and when required.
3. Approval of Trust should be obtained before resorting to any Capital purchases so also in respect of Revenue expenditure. Proposal of purchases should indicate details of budget allotment as approved by Trust, expenditure incurred up to that date, department to which the purchases have to be made, full justification for making purchases etc., and also accompany quotation obtained from not less than 3 to 4 suppliers.
4. The half yearly Income & expenditure statement to end of September 2014 against the budgetary allocation may be furnished to the Trust office on or before 15.10.2014 as per the budget format. The necessary reasons/justifications/explanations may also be furnished for non spending/excess spending of the budgetary allocations/income anticipated.
5. While review of budget proposals sent by the institutions, it is observed that the revenue expenditure is increasing affecting the financial viability of the institution itself. Hence, the HOI should take necessary action in reducing the following expenditures to the possible extent.
  - (a) Expenditure in expensive printing and stationery including invitations etc
  - (b) Food and catering expenses at all functions and programs.
  - (c) In photographic expenses, the photos shall be taken only in soft copies, with minimum printing for display.
  - (d) Unnecessary consumption of papers for drafts and copies.
  - (e) Unnecessary procurement of library books just because budget exists.
  - (f) All other revenue expenditures wherever possibility of minimizing the same.
